

CREATOR OF UNIT DOSE SOLUTIONS

SINCE 1969, specializing in the design and manufacture of samples and unit doses

Sicofor Packaging & Solutions, member of Cosmetic Valley, is constantly deploying its service offering to meet the increasingly precise needs of its customers.

Thanks to its demanding know-how and a wealth of experience, Sicofor Packaging & Solutions draws inspiration from world-leading solutions to adapt to an innovative and ever-changing market.

Boasting over 20 items of machinery, always at the cutting edge of technology and tuned into the latest trends, Sicofor Packaging & Solutions has acquired the most efficient tissue mask machine on the market, with a production capacity of over 10 million masks a year.

OUR TEAM

Sales Department

Our young and dynamic team comprised of three sales representatives, including one for export, 2 sales administrators and a sales director, who make every effort to thoroughly and effectively respond to each request.

Production Department

Led by a plant manager boasting more than 15 years of experience with the company, the production team consists of extremely conscientious and highly committed operators.

Quality Department

The quality department relies exclusively on the QHSE manager who is responsible for strict compliance with the Good Manufacturing Practices (GMP) system and all the constituent processes for complete customer satisfaction.

Technical Department

The technical department covers two aspects. Firstly, the technical operations (settings and maintenance) on our machinery performed by two skilled technicians.

Secondly, new product research and development so that we can be a source of inspiration thanks to the keen skills of our technical executive and his excellent understanding of our high-tech production machines.

OUR CERTIFICATIONS

Sicofor Packaging & Solutions is a member of Cosmetic Valley, which aims to develop the cosmetics and perfumery sector in France. It is currently the world-leading resource centre for perfumery and cosmetics and contributes to the sector's development.

NF EN ISO 22716
Good Manufacturing Practice (GMP)
This international standard gives guidelines for the production, control, storage and shipment of cosmetic products.

COSMOS (COSMetic Organic Standard) is a European standard that integrates the principles of the Ecocert standard and particularly seeks to promote use of ingredients from organic farming, production and transformation processes that are safe for the environment and the integration and development of the "green chemistry" concept.

*Service provision according to Ecocert standard available on the site www.cosmetiques.ecocert.com

OUR

PRODUCTS

FROM STANDARD SACHET
TO PERSONNALISED & INNOVATIVE
SOLUTIONS,

here are the various possibilities
and services we can offer

TO MEET **YOUR NEEDS.**

OUR CUSTOMERS

Reckitt Benckiser, Laboratoire Gifrer, Camille Albane, L'Action Paris, La Rosée, Phytodess, La Sultane de Saba, Laboratoires Mességué, Laboratoires Eona, Laboratoires Thalgo, Laboratoires du Dr. N.G. PAYOT, M.E. SkinLab, Laboratoires DermEden, Cinq Mondes, Ratp, Sennelier, Technature, Mademoiselle Bio, Thémaé Paris, Veracova, Savonnerie Marius Fabre, Soha Sardinia, Laboratoire Nuxe, Florame, Soleil Noir, Melle Agathe, Big Moustache, Peggy Sage, Talika, Sothys Paris, Pierre Cattier, Absolution, Ront Production...

SACHET

SAMPLING BY EXCELLENCE

This is ideal packaging for your product samples.

Compatible with all your formulas, even the most sensitive: cream, serum, emulsion, lotion, powder, oil, etc. Suited to your promotional campaigns for all distribution ways (press, mailing, manual, etc.).

Shaped, square, rectangular, with or without dosing system, transparent, shiny or matt: it adapts to all your needs and ideas. Cost-effective. For single use dose or travel packs, it is also a retail sales item.

MULTI-SACHET STRIPS

AN INNOVATIVE SOLUTION

This is the solution you need to present a whole product range or additional products for testing.

Up to 4 different products.
Possibility to present a care protocol, or a full range.

Packaging allowing to combine, in 2 different sachets, an impregnated wipe and a liquid product. Possibility of unsymmetrical sachets. Perfect presentation for travel product (shower gel, shampoo, moisturizer).

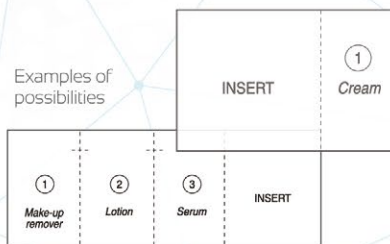

SACHET WITH INSERT

INTEGRATED COMMUNICATION

STICK PACK

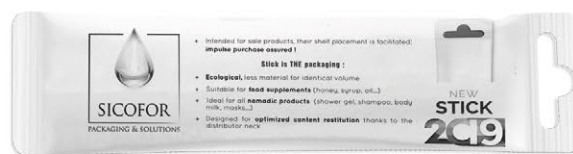

SMALL SIZE FOR GREATER VOLUME

Need to advertise at a lower cost?

Cost-effective solution to remove advertising media costs : collage on inserts and other usual media.

Very large communication area allowing an optimal enhancement of your brand. Ideal to communicate on another product of your ranges or contain a detailed leaflet... Pre-sliced by dotted lines, easy sachet tear-off.

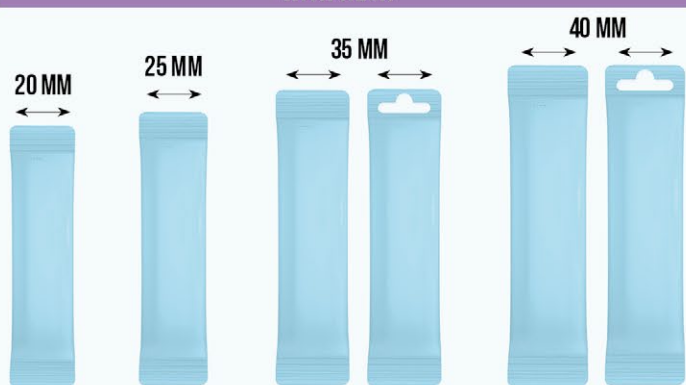

Stick is the practical, nomadic and aesthetic packaging !

Suitable presentation for food supplements (honey, syrup, oil...) or drinkable solutions.

Ecological packaging by using fewer packaging materials at the same dose. Pre-cut dotted lines for easy opening and handy use. Ideal packaging for hospitality products and travel-sized. Rounded corners for a more aesthetic visual.

WITH NECK

4 AVAILABLE DIMENSIONS

Personalised length

WITH NECK AND EURO HOLE AVAILABLE

OUR ADVANTAGES

The European hole facilitates shelving :

DOYPACK

STAND-UP SACHET

A small format with volume

Aesthetic aspect more qualitative than a single bag. Greater filling capacity than a standard sachet of the same dimensions. Ergonomic design with, at its base, a bellows allowing it to stand up. Ideal for any volume greater than 10 ml.

THERMOFORMED DOSE

RESPECTING YOUR IMAGE

Your miniature product

More than 25 standard tools at your disposal : Small jar, tube, drop of water, test tube, bubble... The miniature replica of your products and/or their Packaging. Transparent, printed packaging ; Delivered in bulk or in-card. Peel-off or snap-off opening. Suitable for all types of product and/or texture : perfume, cream, serum, makeup, etc.

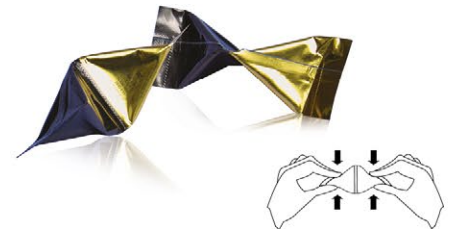

JAWBREAKER

FUN-SIZE DOSE

The perfect shaped dose

Original presentation.

Flexible, pyramid-shaped packaging. Pre-cut dotted line for easy opening. Ideal for travel products. Possibility of a twin-pack jawbreaker with 2 different products.

TWINPACK

ENDLESS POSSIBILITIES

Last minute mixing

Need a product requiring a last minute mix ?
The twinpack is the suitable packaging for your request.

Double jawbreakers separated by a frangible weld that yields to manual pressure. Ideal for obtaining a final product requiring a mixture just before use. Remote neck for precise application. Compatible with all textures: liquid, pasty, powder....

COSMETICS ON MATERIALS

THE MASK

THE FIRST « MADE IN FRANCE »
IMPREGNATED MASK.

Minimum of quantity of 7 000 units per reference.

Impregnation of masks with:

- YOUR formulas (delivery of your serum/lotion)

or

- FULL SERVICE formulas proposed by SICOFOR PACKAGING & SOLUTIONS

SICOFOR PACKAGING & SOLUTIONS offers a ready-to-sell solution with the supply of the tissue, the printed laminate with your artwork, as well as the secondary packaging (cases and boxes, cellowrapping...)

UP TO 3 LAYERS...

(1 application layer with spunlace or organic cotton layer, and 1 or 2 protective layers)

Layer n° 1: Film for easy mask unfolding

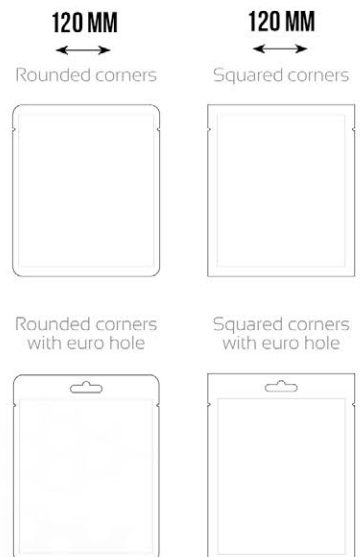

Layer n° 2: Thin fabric mask that fits the face perfectly

Layer n° 3: Fabric guaranteeing optimal hygiene and impregnation

1 size, 4 possibilities

FULL SERVICE FORMULAS BY SICOFOR PACKAGING & SOLUTIONS

(Technical datasheet available on request for more specific information on each formula)

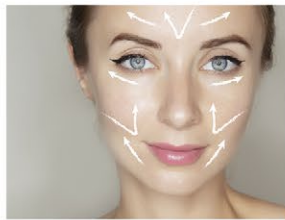

ANTI-AGEING

Specially formulated to meet the needs of mature skins, these cares are real concentrated of anti-ageing actives to antioxidant and regenerating properties.

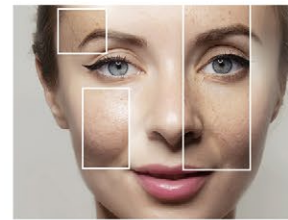

PURIFYING

Adapted cares for the oily and acned skins, containing at the heart of their formulas specific actives, strictly selected for their purifying properties.

MOISTURIZER

These care filled with highly moisturizing actives are intended to restore comfort, freshness and silky touch to the skin and were developed to take care of the most delicate skins.

DETOX

These formulas are a cocktail of targeted actives, intended to free the skin of its impurities, to illuminate and to revive radiance of the complexion for a high intensity crystal finish.

WET WIPE

ALL SOLUTIONS ARE POSSIBLE

Impregnated wipes: all your desires are achievable

Impregnation possible of all your solutions : refreshing, make-up removing, cleansing, self-tanning, oily. Large range of impregnation support, from the most standard to the softest : semi-creped, spunlace, non-woven; biodegradable and/or flushable. Solution intended to meet all sectors of activity : advertising, retail, perfumery, industry, hygiene, etc. From sampling to selling product.

OTHER SECTORS OF ACTIVITY

Building on its **40 years of experience** in cosmetics, **SICOFOR PACKAGING & SOLUTIONS** has already been able to focus on other sectors in order to **diversify its customer offering**.

IDENTICAL PACKAGING SOLUTIONS
TO THOSE PROPOSED IN COSMETICS
SUCH AS FOR EXAMPLE

OTHER SOLUTIONS

Indeed, SICOFOR PACKAGING & SOLUTIONS is now recognized in sectors such as :

- industry,
- retail,
- automotive,
- painting,
- hygiene,
- but also of food supplements

Painting samples, detergent doses, sachets of descaling agent, sample sachets of industrial grease, wet wipes for screen or furniture cleaning, wipes impregnated with paramedical solutions, finger wipes, unit doses of flea repellent...

Don't hesitate to consult us,
we will find your solution !
